***'I have used Webbs for all of my timber, building & fencing needs, they are reliable, offer good quality products and are extremely competitive – I would not hesitate in recommending them to anyone'***

## **SIR A.P.MCCOY – BBC Sports Personality of the year 2010**

H.J.WEBB & SON timber merchants have been established for almost 51 years and either stock or are able to obtain almost any timber, landscape or building materials required for the house, farm & garden. Webbs' are situated at Southdown Farm, Shrivenham just off the A420 between Swindon and Oxford; please visit [webbswood.co.uk](http://webbswood.co.uk) for detailed directions. Webbs' boast very competitive prices with monthly account facilities to regular users.

- Please remember that timber is a natural product and may warp, twist, check or split in adverse weather conditions.
- There may be a long length surcharge on lengths exceeding 4.8M.
- All plywood must be edge sealed prior to use to uphold any possible claim for de lamination. As with other Timber Merchants, we do not accept responsibility for any consequential loss.
- All prices are based on collection from our premises.
- We regret we do not offer a cutting service.
- There are many other products we stock not shown in our price list, please ask for anything else you may require.
- Payments to H J Webb & Son can be made with cash, Credit/Debit card or Bank Transfer.

**PLEASE NOTE ALL PRICES SHOWN DO NOT INCLUDE VAT**

## PRESSURE TREATED CREOSOTE FENCING

All of our creosoted timber is redwood which means it is more likely to 'take' the treatment. However, as with other forms of treatment there is no guarantee of total penetration. In fact just a partial penetration is enough to give you a long lasting product. Please also be aware this product may vary in colour a little. We are now supplying a lot of round posts in creosote treatment due to problems with existing treatment types. Please ask for prices.

## FENCING STAKES, RAILS & POLES

**WARNING: The whole timber industry is currently having problems with longevity of round and half-round fencing stakes due to the in efficiency of the new type of treatment. The products on this page may or may not last the time you expect them to! We do offer a non-standard product which we would expect to last 15 years minimum. These products are known as 'Redwood' or 'UC4'. Creosote price POA.**
